Scoring – Total of 1050 Points Available

Overall Entertainment – 1000 Points

In this category, the competitor should not be just flipping bottles, but entertaining both the crowd and the judges. They should be able to break down the imaginary wall between competitor and crowd. A competitor's choreography or physical style may play a part in this category. The competitor's routine should flow with the music and not be just flipping bottles with no concern for the music. The energy of their routine will play a large role in their score in this category.

Showmanship – 50 Points

This category is scored on the competitor's demeanor behind the competition bar. Does the competitor seem confident and sure of themselves throughout their routine, or are they nervous and unsure? Is the competitor in command of their performance? How does the competitor handle any mistakes or miscues in their routine? Do they seem flustered by mistakes or do they seem to be able to move past them and keep the flow to their routine?
